

COVID-19 SAFETY MEASURES IN PLACE

We have implemented the following procedures to ensure a safe environment for our patients and colleagues.

We need your help to ensure you and the store stays safe

- To help us best practice physical distancing, please call ahead to schedule an appointment.
- Call the office upon arrival and a staff will admit you.
- All patients enter only with a scheduled appointment for all services
- All patients asked to wear a mask while in the office
- Only patients and a guardian (where applicable) will be admitted keeping numbers low
- Patients encouraged to maintain physical distancing in the public spaces
- Patients can try on frames. All frames are sanitized before returned to the shelf.
- Hand sanitizer readily available throughout the clinic
- All doctors and staff will be always masked
- All surfaces are clean with appropriate anti-viral cleaners regularly between patients
- Plexiglass barriers are in place at the counters and optical stations

We hope that through these procedures, you can feel confident that you and your family are able to receive the eye care you need while being fully protected.

Thank you for your continued support.

With best wishes for good health to you and your family,

The Optometrists' Clinic team
